# **INDEX - LIFE SKILLS**

# Life skills (Yoga, physical fitness, health and hygiene)

Life skills are a collection of basic skills learned through learning and/or direct life experience that allow individuals and groups to effectively manage issues and problems experienced in everyday life. Creativity, strategic thinking, problem-solving, decision-making, the ability to connect and cooperate, as well as personal and social responsibility are all necessary skills necessary for success in the twenty-first century, both for healthy communities and for prosperous employable entrepreneurs.

Fr. Conceicao Rodrigues College of Engineering believes that inculcating life skills into students through learning will make our students capable of taking responsibilities towards themselves and community. Few of such like skill activities conducted in our institute are Yoga and meditation sessions, selfdefence workshops for students especially girl students, health awareness programs, Cleanliness drive, Tree plantation etc. To spread the benefits of each of the life skill, expertise from Industry/Society are invited to teach and to spread the awareness of benefits of such life skills. All teaching & non-teaching staff are also invited to participate in such activities. SOCIETY OF ST. FRANCIS XAVIER, PILAR'S

Women Development Cell conducted the talk on "Improving Women's Health: Challenges and Prevention" with the speaker Dr. Dhrupti Dedhia. She's an Obstetrician-gynecologist in Mumbai. Dr. Dhrupti Dedhia is a practicing Obstetrician & Gynecologist who specializes in Laparoscopic surgeries, infertility and Sexual Medicine.

The main motive behind this event was to spread awareness among students focusing majorly on females that every female needs to see a gynecologist to sustain good health. As reproductive organs mature during puberty, a regular gynecological evaluation is a must. One can expect a detailed explanation about normal body functions or answers to any female health-related questions upon their visit to the gynecologist.

At the event, our speaker Dr. Dhrupti Dedhia discussed puberty, menarche, breast development, pregnancy to menopause, and significant diseases that affect women. Around 100 students participated in this event and professors from FRCRCE also joined our event.

Every individual present found it to be an eye-opening and informative session. The talk was concluded with a bouquet and a token of love from our chairperson, Dr. Sapna Prabhu.

Heart & Sole Run 4 on Virtual platform By the Rotaract Club of Fr. CRCE, Bandra

A lump sum of 450+ participants nationwide along with Rotaract Club of Fr.CRCE contributed and made a much needed difference in the society.

Despite the limitations and extreme hardships caused by the global pandemic, Rotaract Club of Fr. CRCE has still managed to organize yet

another edition of its flagship event **The Heart and Sole Run 4**, which took place on the 13th and 14th of March,2021 going Pan-India this year.

The run was organized in association with two NGO's Community Outreach Program and Fr Agnel Ashram. Community Outreach Programme has worked to provide a platform for the holistic development of women, children, and the communities in which they live. They provide residents with critical services, focused on supporting at-risk children and empowering women. These services include access to quality education, shelter, nutritious meals, health services, and the means to better lives through vocational training. Fr. Agnel Ashram has been working constantly towards providing for the under privileged children over decades and we are proud to support them in this noble endeavour of theirs.

The Heart and Sole Run 4 consisted of 4 run categories namely:

- Grit Run(15 Km),
- Heat Run (10 Km),
- Dream Run (5 Km),
- CitizenCredit Run (1.5Km).

The runs happened virtually by online registrations while keeping in mind the ingenuousness of the run, all of which was hosted by our official ticketing partner youtoocanrun. The runners had the freedom to run from anywhere and at anytime between the 13th and 14th of March,2021. Further on, they had to upload the screenshot of the run details to finally get done with their part of donating towards charity and enhancing their mood and health. A virtual leaderboard was created after the run on our website displaying the postions of all the runners. All the participants & winners were couriered their individual prizes, finisher medals & their personalised official HSR4 running tshirts.

An Expo Day was also organised at Fr. Conceicao Rodrigues College of Engineering for the runners were they could come to collect their t-shirts before the run on 12<sup>th</sup>, March 2021 with all the government rules and restrictions in mind along with routine temperature check, sanitisation and social distancing for everyone present at that time.

Being a great success over the years and looking at the colossal impact of The Heart and Sole Run 4, many reputed brands came forward and became the sponsors of this event such as Citizen Credit Co-operative Bank, Mumbai Wellness Centre, IELTS Magic Score, Case Khazanaa, Coding Ninjas, Gold's Gym and Manori Koli Gramastha Mandal. The Heart and Sole Run 4 became a great success with participants not just from Maharashtra but from all over India. A few states including Karnataka. Kerala, West Bengal, Gujarat, Chhattisgarh, Andhra Pradesh, Uttar Pradesh, Tamilnadu, Himachal Pradesh, Haryana Delhi. & In spite of the pandemic situation and stressful factor a massive figure of over 450+ runners was achieved. The persistent support of Ms Gloria Moraes by being there for us over the years and her constant help and guidance, Mr. Abbas Shahiwala for his ceaseless support from Rotary Club of Bombay Bandra and his pleasant and wise suggestions, Dr. Sujata Deshmukh our faculty in charge & Dr. Deepak Bhoir our Dean of student Affairs for bridging the gap between us students and the college management and their constant support, encouragement and guidance & lastly our principal madam Dr. Srija Unnikrishnan and our Director Rev. Fr Valerian D'souza without whom this event would be impossible; all in all helped us turn The Heart & Sole Run 4 into the great success it is. We are grateful to all of them and everyone else who helped and supported us in this endeavour of ours and thank everyone for being a part of our journey.

Then we had organized various fun activities which were decided, which includes Singing program, Antakshari, Musical chairs and dance at the end of the noon to finish the noon activities. Then we all had our lunch along with the elderly. After a heavy lunch, we all felt very drowsy, as expected, so, to overcome the sleep we played Bingo among the elderly, where there were gifts for the winners at every stage, so, none should be disappointed. This game continued for a long time and we couldn't figure how fast the time went while playing. Also, while leaving we NSS-CRCE gave donations in the form of daily required stuffs to the old age home and the volunteers also brought things to donate there.

Now at the departing time, it was time to say goodbye to all of them for the wonderful and experienced day we had with them. Not only there were tears in the eyes of elderly people but also in the eyes of the volunteers, this explains how a day long love, affection and bonding is worth an experience. Trees play an important role in reducing the air pollution and to maintain the good quality air level in environment. So every individual should plant as many trees as possible . Because day by day pollution level in environment is getting worse. Hence, plantation is the only solution. As the surrounding of St . Joseph high school is crowded by vehicles so it may lead to increase the pollution level in that area. As it is also surrounding by educational institute ,tree plantation will help to maintain the good air .

This tree plantation programme was done in collaboration with turning tide George Sir who helped us a lot. All necessary support was provided to students and thus the programme was successfully completed. Participants were highly excited and enthusiastic to make it a big successStudents understood the importance of plantation and types of trees beneficial for environment

# NSS SPECIAL CAMP TANDULWADI

## INTRODUCTION

Every year a special NSS camp of 7 days takes place where all the volunteer of NSS CRCE actively take part in understanding the village problems solving them and spreading awareness and educating people. This year the camp took place at beautiful and enchanting village called tandulwadi which is located few kilometre away from saphale city which lies in palghar district, Maharashtra. The village is surrounded by mountains and farms with greenery everywhere being there is like a gift for the eyes. The village is full of friendly and helpful people who helped us through out the camp. There were lot of pre- camp activities to be done for all the activities we were going to do at the camp and our main project which was painting the school walls; hence, all the members were divided into groups and given tasks accordingly.

#### Day 1 (4/3/22): Drawing competition and Sports day

The first day of the camp started with the volunteers meeting the Tandulwadi Zilla Parishad school students. On the first day, NSS CRCE had organised a drawing competition wherein the students were asked to depict their idea of a pollution free environment. The students were provided with the drawing material by NSS CRCE. Later that day after interacting with the students and the school officials, NSS CRCE organised a small sports day event where along with the school students, the NSS CRCE volunteers, too, participated. All students and volunteers participated with great enthusiasm in all the games that took place.

#### Day 2 (5/3/22): Painting of school fences and sitting area

The next day, NSS CRCE embarked upon the first social service activity that had been planned: beautifying and painting the Tandulwadi School fences and the sitting area near the school. The volunteers created various Warli art forms on these benches and fences. This painting job was an addition to the painting work that the previous batches of NSS CRCE volunteers had started in the school.

#### Day 3 (6/3/22): Village survey

On 6<sup>th</sup> of March, Sunday, We started our day with YOGA where we performed various Yoga aasan like surya namaskar, Padmasan Aloom viloom etc.. NSS CRCE with the permission of the Gramsevika, started with the village survey that had been assigned. This survey collected information about the annual income, living facilites and other details about the villagers of the Tandulwadi village. This data that was collected helped the volunteers to gain a deeper insight into the life of the villagers. This survey also gave the volunteers an opportunity to have an one to one interaction with the villagers that the volunteers visited. This newly gained insight will greatly help in shaping the personalities of the volunteers

#### Day 4 (7/3/22): Creating the school library

On this day,NSS CRCE setup a library for the school with more than 200 books which was a necessity as stated by the principal. Lights in the classrooms and the library were also taken care of. The swing in the school were repaired along with the see-saw for kids to play with. Maintenance of the computers that were previously donated by NSS CRCE was also done. A small workshop was also conducted to teach the students how they could use the computers more carefully and responsibly

## Day 5 (8/3/22): Women's Day and Cultural Day Celebration –

We organized a women's day and cultural day function for the women and children of the village with fun games and dances.

#### Day 6 (9/3/22): Trekking and Cleanliness Drive on Tandulwadi Fort

As a recreational and volunteering activity, NSS CRCE organised a trek to the Tandulwadi fort and cleanliness drive on the way to the fort. This greatly helped in increasing the beauty of the path leading to the top of the fort. Having to clean the garbage themselves, the volunteers realised the importance of maintaining the hygiene of places of natural and historical importance.

#### Day 7 (10/3/22) Workshop on menstrual hygiene

Menstrual hygiene is a matter of grave concern to us all and keeping that in mind, NSS CRCE organised a session on the importance of menstrual hygiene and how menstrual hygiene could be maintained. This helped the school girls and everyone present there to gather information about this so important aspect of life.

# **REPORT ON CARBON FOOTPRINT WEBINAR**

#### Date: 27<sup>th</sup> September, 2020. Place: Online Workshop No. of Volunteers attended:65

Carbon Emissions have increased at an alarming level! One of the major reasons of Global Warming are Carbon Emissions. In fact, they account for more than 76% of the Greenhouse gases. They impact our planet and the climate change significantly.

Thus, it becomes really important for us to be aware of all the necessary information, so that we can make a change! Keeping that in mind, we at **NSS CRCE**, organized an Online Workshop on Carbon Footprint with Only Planet.

One of the members of Only Planet, Sunita Rajesh, provided us with all the information on Carbon Emissions, Carbon Footprint, and about the alternatives which we can make everyday to lower our Carbon Footprint. For Example – Using Reusable Masks and Gloves rather than the Disposable ones.

She spoke about the different greenhouse gases, about the extensive use of plastic and how drastically it has affected our planet. She went on with the major contributors of Carbon Emissions, which is Transportation, Electricity and Industry.

To make our members understand better about Carbon Footprint, she demonstrated on how to use the Carbon Footprint Calculator. This calculator approximately measures your carbon footprint which you have been contributing to the planet, knowingly or unknowingly. Many Students volunteered and calculated their footprint along with Sunita Ma'am.

This was followed by a very active Q & A session, which included questions like, What should be an Ideal Carbon Footprint, How does eating non - veg promote more Carbon Footprint and many more.

# **REPORT ON SELF DEFENCE WORKSHOP**

### Platform: Google Meet Date: October 7th, 2020 No. of Volunteers attended:59

An interesting webinar on self defence to educate young minds especially for girls was organised by NSS CRCE on October 7th. It was the first time that a practical event like this had to be conducted online due to the prevailing circumstances. Hosting a neat, well planned session was a challenge and the ultimate hard-work of our council members paid off. The volunteers too, were a disciplined audience and had a healthy role in making this webinar a success.

The session began with a brief introduction of the speaker Sensei Kashyap Bhanushalj, voiced by event coordinator NSS Dilton D'souza. Sensei Kashyap started off with an amazing practical demonstration of various moves that can be employed to defend oneself in time of need. With the help of his younger brother, Sensei Kashyap showed how attackers approach the victims and also showed how we can defend ourselves even if the physical strength is way less than that of the attacker's. It was indeed an educative webinar. The webinar ended with a Q&A session, and the attendance of the volunteers was recorded. The key take-away from the session was how we, as individuals, should be aware of the situations which possess a threat inorder to defend themselves.

On October 17th 4:30 pm IST, members of NSS CRCE in association with The Movement India, had gathered virtually to witness the broadcast of the GLOBAL FREEDOM SUMMIT (A21 org). An event designed to address a very crucial and critical issue in our society, that is, Human Trafficking.

The webinar was very intense and included first hand witness documentations. Every 30 seconds, a person is either trafficked for organ harvesting, labour or prostitution. Each and every aspect of this giant organisation was clearly and explicitly brought forward to the viewers. It was clearly shown how the traffickers approached people with financial problems, poor economics etc. These targeted people were lured with false hope of having a better life, a better education, a good job. The webinar achieved its primary goal, that is, to equip young powerful minds on how to tackle this mammoth syndicate and how to help a person trapped in such situations. Altogether, the webinar proved to be thoroughly educative and informative.

At the end of the webinar the attendance and feedback of all attendees was recorded.

# **REPORT ON AWARENESS ON ANTI HUMAN TRAFFICKING**

### Platform: Google Meet Date: October 23rd, 2020 No. of Volunteers attended:49

After attending the GLOBAL FREEDOM SUMMIT on October 23rd, it became evident that this illegal flesh trade should be put to a forever halt. But how do you do that? Well to answer such queries and to educate the minds on their roles and responsibilities to fight this mammoth syndicate, an awareness session was organised by NSS CRCE in association with THE MOVEMENT INDIA. The webinar began with the guest speaker, Ms. Aneesha Reuben thanking the NSS CRCE team for coordinating and organising the session. Next, the NSS CRCE team extended a very warm welcome to all the members of The Movement India organisation. This was followed by the introduction of the guest speaker voiced by the event coordinator Mr. Dilton D'souza.

The main part of the session started off with a short clip of a very young boy who was a victim of Human Trafficking. The clip also featured an 8yr old girl victim of flesh trade. Listening to their tragedy, all attendees were terribly shocked. The children were forced to do labour work, were not fed enough food and were beaten/abused if demanded for more food or proper clothes. It was clearly shown how the traffickers approached parents with financial problems, poor economics etc. These targeted people were lured with money and false hope of giving their children a better life, a better education, a good job. The guest speaker was very informative and also shared various helpline numbers and government websites that can be used to report these crimes or such suspicious activities. This was followed up by an interactive Q&A session. Altogether, the session proved to be thoroughly educative, informative and helpful.

At the end of the webinar the attendance and feedback of all attendees was recorded.

# **REPORT ON RECYCLE FEST**

### Deadline: 22<sup>nd</sup> October, 2020. No. of Volunteers attended:34

Every year **NSS CRCE** organizes events through which our members are able to contribute to the society. Be it Bandra Fair Volunteering with Mumbai Police or Multiple Beach Clean-Ups. But this year due to the pandemic, our hand were tied and we were only able to host webinars on various awareness topics. So, we thought of doing something different and interactive. Something through which we can contribute to the society. That's when we organized *Recycle Fest*.

In Recycle Fest, all of our members were told to make something useful out of the waste lying around in their house. This waste could be anything like Plastic Bottle, CD's, Shampoo Bottles, etc.

The benefits of Recycling are exceptional. Recycling reduces the amount of waste which would otherwise be sent to landfills. It prevents pollution and saves energy. And, most importantly, it reduces an individual's carbon footprint.

We received an outstanding response from both our NSS Members and Non-Members, with over 40+ students submitting their ideas.

We also had our Top – 15 who had performed wonderfully. Some of the Ideas included Vase from Plastic Bottles, Coffee Coaster, Plant Vase, Diwali Kandeel from Medicine Bottle and a lot more. The pictures of all these creative ideas have been attached below.

# **REPORT ON MENTAL HEALTH AND WELFARE WEBINAR**

Date: 28<sup>th</sup>October, 2020. Place: Online Webinar No. of Volunteers attended:63

Did you know that India is home to the most depressed? That India loses a student every hour? In order to make more and more people aware about this situation, we at **NSS CRCE** organized an interactive session on Mental Health with *The Movement India*.

*The Movement India* aims at solving pressing issues like Human Trafficking, Mental Wellbeing and Education. The Speaker for the session was Mr. Preejo. He has over 11 years of behavioural training experience. Mr. Preejo currently serves as the Leading Consultant with The Movement India, leading their behavioural learning solutions.

Preejo Sir started off by presenting few pictures and asking everyone questions like what do you feel the picture is trying to say, how do you react in difficult situations, and more. He explained us how important it is to love yourself first. We should be calm and positive when taking decisions or having an argument/discussion with someone. We should pursue small hobbies like Drawing, Painting, Dancing, etc. Sir also presented a video on Black dog, where it was shown that a boy who did not try reaching out to people and did not address his problems to his family or friends, was trapped completely by the black dog (depression).

Hence, anyone having any kind of problem should make sure that you connect with people. Practice meditation and journaling, it would help reduce stress and anxiety. Have a healthy diet and workout frequently. If you feel scared or not so comfortable with talking to someone you know, then you can reach out to a therapist or you can contact **1800-120-820050**.

The session was ended with a very active Q&A session from our members with questions like How do you know if you are in depression, how can we reach out to people in depression, etc.

# **REPORT ON STREET DOGS AWARENESS**

### Platform: Google Meet Date: November 1st, 2020 No. of Volunteers attended:62

On November1st 4:30 pm IST, members of NSS CRCE in association with a start-up organisation Paw-tectors formed by CRCE alumni's, had gathered virtually to help people reflect on the vision and mission of Paw-tectors. This event was organized to address the need to protect and owning street dogs around.

The session began with a brief introduction of the speakers Sayalee Sawant and Saif Naqvi by NSS event coordinator Joshua Rodrigues. Sayalee first began with the vision she had for Paw-tectors in mind then stated the inhumane acts street dogs face incurred on them by some individuals. She then addressed the need to adopt street dogs rather than full breed dogs supported by its pros and cons.

Saif Naqvi then explained everyone some ways in which one can help street dogs which can be carried out individually but can make a huge difference for the dogs. Some of these ways included strapping on a reflective dog collar so they can be safe from passing vehicles around them and volunteering in affective ways by donating some essentials and spreading awareness for welfare of dogs starting from ones own society. There was a Q&A session at the end and the attendance of all members was recorded. This session was truly an eye-opener for all and encouraged us all to be the voice for these animals and make this world a peaceful place for both humans and animals.

# **REPORT ON REFORMS IN INDIA'S EDUCATION SYSTEM WEBINAR**

### Platform: Zoom Date: November 12th, 2020 No. of Volunteers attended:41

An interesting webinar on the reforms in India's education system was organised by NSS CRCE in collaboration with Public Concern for Government Trust. The webinar aimed to educate young minds on the reforms done and the reforms still needed to be achieved in our country's education system.

The webinar began with a very simple question placed in front of the attendees, what is education?. Simple though it may look, it clearly made the attendees rub their brains to think of an answer. The speaker along with the event coordinators made a pleasant experience throughout the webinar. Even the audience played a significant role in making the webinar a successful one. The webinar carried on for about two hours with the speaker sharing deep ideas and knowledge about the recent reforms.

This was followed up by an interactive Q&A session. Altogether, the session proved to be thoroughly educative, informative and helpful. At the end of the webinar the attendance and feedback of all attendees was recorded.

# **REPORT ON CLIMATE CHANGE WEBINAR**

### Date: 19<sup>th</sup> November, 2020. Mode: Microsoft Teams No. of Volunteers attended:

**NSS CRCE** organized a webinar with Climate Crew on a highly important topic. This topic requires action on an immediate basis. This is something everyone has been ignoring since a very long time. It is *Climate Change*.

The consequences of Climate Change are so catastrophic and toxic that one can't imagine. We have very less amount of time and there are very few people who are aware about this. Thus, the need for this webinar was important so that we can make more and more people aware about this.

The Speakers from Climate Crew provided every single information about Climate Change and Global Warming. They spoke how Climate Change will increase the Temperature, cause more Droughts, Sea levels will continue to rise, Heat waves and Hurricanes will just get stronger and Artic is likely to become ice - free.

The Speakers made sure that the webinar is not getting boring. They kept on engaging with our members. Asked them questions. Replied to their doubts. And sticked to Scientific facts. Their way of explanation by using Pictures and Animations were great.

They also explained how everything started (from the beginning) and what kind of measurements other countries are taking in order to control Climate Change.

The best part about the webinar was, that they were trying to explain everything in a scientific way. Which was pretty easy to understand as you actually see how this is happening and how that is getting formed and what is the reason for all that ice melting.

# **REPORT ON PERSONALITY DEVELOPMENT (LEVEL 1)**

### Platform: Google Meet Date: Dec 1st, 2020 No. of Volunteers attended:70

An interesting webinar on ownership and goal setting was conducted by the NSS CRCE in collaboration with The Movement India. The session aimed to educate young minds on how to be truthful to oneself and to others. The webinar was focused on ownership of one's acts either good or bad. The webinar started off with The Movement India team thanking NSS CRCE for conducting such an important and necessary webinar. This was followed by the introduction of the guest speaker, Mr. Preejo TJ by an NSS Volunteer.

Mr. Preejo certainly created an enthusiastic environment to say. He clearly talked about the behavioural pattern of individuals when it comes to ownership of one's own acts. The entire webinar was revolved around one thing, and that is ownership and goal setting. Because when one is truthful to one's own self, that is when one accepts credibility of one's own acts either fruitful or not, there are no regrets to ponder upon.

The random questionnaire round was the most amusing as it involved most of the volunteers. It was an amazing experience to have this break the ice session. The talk took about an hour and a half and the audience played an amazing role to make it a success.

This was followed up by an interactive Q&A session.

Altogether, the session proved to be thoroughly educative, informative and helpful. At the end of the webinar the attendance and feedback of all attendees was recorded.

# REPORT ON CELEBRATION OF 75 YEARS OF INDIA'S INDEPENDENCE

### Date: 12<sup>th</sup> March, 2021. Mode: Google Meet No. of Volunteers attended:56

The mega celebrations to commemorate the 75th anniversary of India's Independence has begun on March 12 with the inauguration of 'Azadi Ka Amrut Mahotsav' by Honourable Prime Minister by flagging off a 241-mile march from Sabarmati Ashram in Ahmedabad to Dandi in Gujarat's Navsari district to mark the day.

India has celebrated 75 years of its Independence. The Union government has announced a 75-week programme to mark this historic occasion. A day before it became a Republic, on January 25, 1950, India established its Election Commission. The country started its journey with adult franchise. This equality, the only one, is the luxury of women of India.

Due to <u>Covid-19</u>, the schooling system in India has moved from a classroom setup to an online one. The digital divide is pushing a large number of students, particularly girls, out of school.

When a majority of the Indian population depends on public sector provisioning for essential services, the mad push for privatisation, corporatisation and the stepping away of the government from sectors like health, education and employment has further devastated the lives of the people. Women are the biggest victims of the pro-corporate policies of the government. The alarming increase in anemia and malnutrition levels among women and children will end up as a silent genocide.

NSS volunteer has actively participated in this programme nad show their interest in it. More the 60 Volunteers has participated in this Prgramme Webinar from our College. This webinar was motivational.

The programme ended successfully with vote of thanks.

Samiksha and Anjali spoke about the topic from the very basics so that everyone is clear with what they are explaining.

After talking about the basics, Gautami took over and spoke about the never – ending barriers which are imposed on women by society and in some situations, even their families.

Page 165

She spoke how Women are paid less, expected to cook and still being restricted by their family. Not only this, but also how people now -a - days pass sexist comments like, "Stop driving like a woman!" or "If you go to work, who will take care of the house?".

# Ways to promote Women Empowerment

- Create opportunities for women of every age.
- Create new roles for women, so companies can develop better.
- Pay should be equal irrespective of gender.
- Empowering women by educating them.
- Diversify leadership by promoting women for management and executive positions.
- Creating safe space.
- Support Independence and Mobility.
- Educating whole system including men.

Gautami then spoke about what can we do to promote Women Empowerment. If we see any sort of inequality happening around us, we shouldn't keep quiet! We should raise our voice and ask for equality. After this, the session was ended with a Q & A Session.

## **REPORT ON AN ORGAN DONATION SESSION**

Date: 7<sup>th</sup> April, 2021 Platform: Zoom No. of Volunteers attended:43

"Nothing Can Be Better Than Helping Someone after Your Death When You Donate Your Organs"

Mumbai University has organized a webinar session on Organ Donation. NSS volunteers have participated in this session. The aim of this session is to motivate normal human beings to pledge to donate organs after death, and to spread awareness about the importance of organ donation.

Even after death, some organs of the body can be preserved and stored. If these organs are donated, it might save somebody else's life. The rate of organ donation has significantly increased due to the number of successful cases. Organ Donation is defined as the removal of organs from a body and transplanting it to a new body by surgical means. The requirement for new organs usually arises when a person loses an organ to some accident or stops functioning.

So, the speaker of the webinar explained the need, importance and all other details regarding the organ donation.

#### **REPORT ON MENTAL HEALTH**

Date: 16<sup>th</sup> - 17<sup>th</sup> April, 2021 Platform: Google Meet No. of Volunteers attended:56

Did you know that India is home to the most depressed? That India loses a student every hour? In order to make more and more people aware about this situation, So, it has been requested to attend an International conference on Mental Health. It is 2 Day webinar that is on 16<sup>th</sup> and 17<sup>th</sup> April, 2021.

In recent years, there has been increasing acknowledgement of the important role mental health plays in achieving global development goals, as illustrated by the inclusion of mental health in the Sustainable Development Goals. Depression is one of the leading causes of disability. Suicide is the second leading cause of death among 15-29-year-olds. People with severe mental health conditions die prematurely – as much as two decades early – due to preventable physical conditions.

Despite progress in some countries, people with mental health conditions often experience severe human rights violations, discrimination, and stigma.

Many mental health conditions can be effectively treated at relatively low cost, yet the gap between people needing care and those with access to care remains substantial. Effective treatment coverage remains extremely low.

Increased investment is required on all fronts: for mental health awareness to increase understanding and reduce stigma; for efforts to increase access to quality mental health care and effective treatments; and for research to identify new treatments and improve existing treatments for all mental disorders.

Thank you For giving this opportunity to have a wonderful journey with NSS and collecting a bag full of memories. Each report has a story to tell and memories to smile.

# NSS REPORT 2019 - 2020.

#### "The happiest people I know, are those who lose themselves in the service of others" - Anne Frank.

NSS has always stood up to its strong spirit of serving the society, keeping in mind the motto 'Not me but you'. Thus, the belief that we must strive for others is being realized through the selfless services of our unit who get into timely action, be it lending a helping hand to the needy or protecting and conserving the environment. We extend our gratitude to our Director Fr. Valerian Dsouza our principal Dr. Srija Unnikrishnan our Program Officers Prof. Saurabh Korgaonkar, Prof. Dipali Bhise, and Prof. Pradeep Singh for their encouraging bits of advice which proved beneficial to our volunteers through thick and thin of each event.

The year commenced with the registration of 100 active volunteers across SE, TE and BE. And kick-starting our array of activities, We began with a Tree Plantation Drive followed by an awareness program conducted by the Bisleri Association to put bottles into good use. Next were the Beach Cleanup programs at Chimbai in association with the NGO 'United Way'. In 2019 floods hit many parts of Maharashtra and one of the most affected was Kolhapur. We organized a Donation Drive for flood relief where in we got excellent response from the Staff and Students. We conducted multiple surveys across Jogger's Park in Bandra where we interviewed the residents and regular visitors about their experience there, major changes the park went through and the problems faced by them there. It was followed by a Blood Donation drive where we witnessed active participation of our fellow Students and Staff members as well.

As the month of festivities commenced, Post Ganpati Visarjan beach cleanups were organized at Juhu and various other Beaches from 4<sup>th</sup> to the 13<sup>th</sup> of September which was a total success again. That was followed by a week long Bandra fair volunteering cum crowd management where our members assisted the Mumbai Police. Next was the Plastic Ban Rally where we began from Bandra Station and walked all the way to the College shouting out slogans against plastic use. An awareness seminar to throw light on child abuse was organized which witnessed a big audience too. Our volunteers were also a part of the Read Carnival by United Way where the marginalized children were given an opportunity of reading to their heart's content. Beach cleanup was organized in collaboraton with coco-cola .our students attended disaster management workshop organized by mumbai university \_\_\_\_\_\_\_.also a gender equality session arranged by akshara rao ngo.

This year NSS took a great initiative by planting fruit bearing trees around the College Campus whose entire produce would go to the organization. The most exciting part was an 8-day camp to the Tandulwadi area of Palghar District. The main aim there was to educate the kids about various technologies and aids for studying available to them. The members engrossed themselves in painting the school walls bright, exploring the rural life there, trekking up a hill and interacting with the villagers there. Our Program Officer Prof. Saurabh and Prof. Dipali accompanied our members to the site.

On commencement of the Even Sem, A Nature Trail to Sanjay Gandhi National Park was organized which gave a fresh start to the Year. Next, a round-2 of Blood Donation Drive was organized which received a massive response again.

#### Report on climate change seminar.

Place : Fr. C.R.C.E Date : 22<sup>nd</sup> June 2019.

Climate change is having serious impacts on the world's water systems through more flooding and droughts. Warmer air can hold a higher water content, which makes rainfall patterns more extreme.

Rivers and lakes supply drinking water for people and animals and are a vital resource for farming and industry. Freshwater environments around the world are already under excessive pressure from drainage, dredging, damming, pollution, extraction, silting and invasive species. Climate change only exacerbates the problem and makes this worse. Extremes of drought and flooding will become more common, causing displacement and conflict.

NSS unit of Fr. Conceicao Rodrigues College of Engineering took this step to make everyone aware about the changes and that they should take certain action or measures for better world.we conducted seminars by showcasing presentation and showing video clips of what is happening in their surrounding. This carried on for a month where each day at lest two seminar were covered according to time table.

My role as a leader was to organize seminars take permission and conduct it, I would like to thank our dean Dr. V. B.Bhoir who helped in arranging class and organize seminar smoothly.

In this seminar, the society members were made aware of the importance of waste management and how to go about accumulating and reducing the waste which is beneficiary for the ecological system. They were instructed about segregation techniques for 3 types of wastes namely WET waste which is BIODEGRADABLE, DRY waste which is RECYCLABLE and TRASH which is NON-RECYCLABLE. Then they were instructed about the significance of 3R's- REDUCE, REUSE AND RECYCLE – how to reduce the amount of waste, how to recycle the waste and use it again. It was a very informative session.

#### **REPORT ON MAKING OF COMPOSE PIT**

Date: August 17th 2019.

#### Place: Mumbai

Image : composed pit.

One of the first steps in changing food culture is to develop a food growing area . A key part of this is having an effective composting system in place. This is a cornerstone of organic gardening and has many benefits to the community and environment. Making compost is not only about providing soil and plants with a source of food, it is an integral part of working organically and reducing waste. Composting provides a useful way for teachers, pupils and catering staff to explore educational opportunities together. Producing compost reduces waste to landfill, greenhouse gases and dependency upon peat based growing media and chemical fertilisers, saving money and the environment.

The NSS Unit of **FRCRCE** organized **"Making Of COMPOSE PIT"** programme under Guidence of sir George (founder) and the National Service Scheme (NSS) on Saturday, 17th August, 2019 in the Emerald Court Garden premises. It was attended by NSS Programme Coordinator and more than 50 student volunteers.

The event was begun with the welcome speech by the Sir George and NSS event cordinator. At that time Sir George advised the volunteers to think differently for the society, to make positive changes and to make improvement.

Improving soil by using compost is a keystone of organic gardening. Well-made compost is an incredibly useful material. It is a wonderful soil improver, aiding water retention in light sandy soils and breaking up heavy clay soil. As a growing medium it provides nutrients to plants, allowing for vigorous growth and higher yields. When used as mulch it feeds the plant and improves soil. The composting process has many learning opportunities that are accessible to pupils of all ages.Keeping that thought in mind all nss member started building up the compose pit.

Image : volunteers digging for pit.

After all hardwork and determination by NSS member the compose pit was ready. It was a successful event, everyone enjoyed and being a part of the program.

This project is just an initiative by nss member, hoping that in future there will be many more such kind of activities that will insist on giving , by following the quote .....'We make a life by what we give.'

## **REPORT ON 1-Week Terrace Garden Project**

#### **Date: 18th-24th** August 2019. Place: Fr. Conceicao Rodrigues College of Engineering.

Plantations of trees is important as they improve the life and fulfil essential needs of mankind. During photosynthesis, the trees breakdown food materials and consume carbon dioxide. Resultantly with the help of sunlight, the trees produce carbohydrates. Moreover, trees support life by providing habitat to different species such as squirrels, bees and birds. Trees cleanse the climate by absorbing carbon dioxide from the environment and releasing oxygen. The trees cool the environment through their leaves by absorbing the sun heat. Thus, there occurs cooling in the atmosphere. The trees provide shades to houses and streets.

Image : fund raising stall.

Trees clean the air by absorbing harmful chemicals such as nitrogen oxide and removing dust particles from the air by absorbing them in their leaves. Another importance of planting trees is that they save the water from impurity. Trees stop water pollution by breaking the direct fall of rainfall to the ground. Through trees, we make furniture and produce materials like books and papers. Trees help to relax and to reduce blood pressure. Different species of trees also relax the mood of people.

We had kept a proper fund raising program and list of those who have donated and their record we had kept crystal clear with eveyone our principal and director supported and helped us a lot for this initiative.

#### Pre-plannning of the project

Our college has had a long standing tradition of preservation of culture, heritage and flora and fauna. In order to sensitize students towards the need to preserve our environment and ecology, tree plantation drives are organised in our college from time to time. One such drive was held during 18<sup>th</sup>-24<sup>th</sup> August.

Firstly our college performed a fund raising campaign for the tree plantation project. Many students showed keen interest in donating for the project and most of the fund required were provided by our college. Then the collection of things started accordingly. Firstly to make the pots for planting the plants we collected old drums, cut them to half and recycled them. Then after soil and compost were collected to give nourishment to the plants for further growth.

In this pre-planning I with my fellow mates had to get things delivered drums cut compose mixed and keep ready for planting.

Image: Preparations for the tree plantation

Afterwards we collected plants from local nursuries which included some basic fruit and normal plants which included;

- Guava
- Kaju(Cashew)
- Lemon
- Hibiscus
- chickoo ,etc.

#### • Iniatiation of the tree plantation

On the first day i.e, on 18<sup>th</sup> of August our NSS unit members gathered together for the project as per the given schedule. Then the plants were planted accordingly with great interest by our NSS members as instructed by our teachers. Our NSS unit showed keen interest while planting the plants and filling the pots with soil and compost. All the pots were labelled based on the tree planted in them.

As this day was special we had to keep everything ready and our plants are to be planted finally.

#### • Inauguration

After all the plantation was done, our director, '**Fr.Valerian Dsouza**' and principal' **Dr. Srija unnikrishnan'** inaugurated the terrace garden project and watered the plants with various other faculty members planting samplings.

The project took place in a good shiny area within the college premises. Its motive was to;

- Provide more greenery to our college premises.
- Keep the surrounding air healthy and clean
- Provide food and fruits
- Add unity to in our NSS team and rise team-spirit

Our NSS members gathered after college and happily contributed towards the initiative.We hope our efforts do not go in vain and give us good outcomes. Various plants are thus set up and we take care of it on regular basis and water idaily.Thus,this was the little we contributed towards our planet,for its better future.

#### **REPORT ON TREE PLANTATION**

#### Date: 8<sup>th</sup> August 2019 *Place: Mumbai.*

"Reversing deforestation is complicated; planting trees is simple"

Image : one of our nss member planting.

Fr. CRCE launched an extensive plantation programme in St. Peter's high school on August 8. As a part of national service scheme our institute binds to contribute to the activities which are beneficial to the improvement of the society. The students and teachers from our college planted saplings in empty places in well organized manner. The tree plantation programme started at 10am. In order to restore the eco-balance of the afforestation this drive was taken with all seriousness. Trees play an important role in reducing the air pollution and to maintain the good quality air level in environment. So every individual should plant as many trees as possible . Because day by day pollution level in environment is getting worse. Hence, plantation is the only solution. As the surrounding of St. Peter's high school is crowded by vehicles so it may lead to increase the pollution level in that area. As it is also surrounding by educational institute ,tree plantation will help to maintain the good air quality.

Image : turning tide founder Mr. George giving instruction to our Nss members.

This tree plantation programme was done in collaboration with turning tide George Sir who helped us a lot. All necessary support was provided to students and thus the programme was successfully completed. Participants were highly excited and enthusiastic to make it a big success. Many trees were planted like neem, Ashoka, Queen's flower, tulip tree, fountain tree. Fruits like guava, mango, etc. were planted. Participants planted, fenced and watered the plants. Students understood the importance of plantation and types of trees beneficial for environment.

### ASBB FUN RUN (MARATHON) VOLUNTERRING REPORT

### DATE: 16<sup>th</sup> February 2020

ASBB (Association of Social Beyond Boundaries) is a group of enthusiastic, self -driven, change makers who take upon themselves the responsibility of bringing about the change they wish to see. Mr. Sagar Jain founder of Association of Social Beyond Boundaries came up with a vison and mission to form this trust. On the completion of 4 years, ASBB (Association of Social Beyond Boundaries) announced a 4kms Fun Run "RUN BEYOND BOUNDARIES".

As people of different age groups were participating in this Fun Run Marathon There were high chances of runners getting interrupted or risking their safety on the busy roads of Ville Parle. So to avoid chaotic situations and handle the Marathon peacefully and with ease, Mr. Sagar jain took an initiative to maintain the chaos along with his team but it was not possible to keep an eye on the entire route for his team.

So this year along with ASBB team, 25 of our volunteers passionately participated in the ASBB FUN RUN Volunteering on 16<sup>th</sup> Feb 2020 at Swatantrya Veer Savarkar Udyan.

For this marathon we had to plan and promote the marathon in marathon our volunteers were given task I had to cordinate with the founder and organize this marathon.

The volunteers reported the site at 5:30am, and were given a briefing about the marathon by Mr. Sagar Jain. The volunteers were divided into groups of 2-3 as per requirement and were assigned respective spots to look upon. All the volunteers were leaded by an ASBB member to avoid chaotic situations and effective approach. Each and every volunteer had a specific task at a particular period of time. All the volunteers were given their task before the marathon started. The gates and the Registration window were open by 6:30am and the Marathon started around 70:30am. Some of our volunteers were kept at the entrance to acknowledge the participants and to check their chest numbers, while few were at the water counter.

Zumba activity was carried out at 7:00am before starting the marathon, as to ensure that there were no sprains in muscles as enough stretching was done during the Zumba activity by a professional Zumba instructor. The volunteer's jobs included tasks like Traffic management, Ensuring Safety of the Runners, preventing runners from cheating during the marathon by taking a shortcut. After the Marathon was complete runners returned to the Swatanrya Veer Savarkar udyan while the volunteers followed them by clearing the posters, banners and water desks.

After Marathon was complete All the runners and the volunteers were re-energized by RED BULL and also some healthy snack which included fresh juices, sandwiches and fruits. Every participant was awarded 3 certificates and a participation medal wherein volunteers were given certificates as well. The marathon ended with a felicitation program and a vote of thanks.

NSS CRCE is grateful of ASBB for giving our members an opportunity to work and experience live traffic management and willingness to bring a change in the society.

### Report on no smoking pledge.

Place : Fr. C.R.C.E Date : 25<sup>th</sup> September 2019.

Image : students taking pledge.

NSS unit of Fr. Conceicao Rodrigues College of Engineering took this initiative to make all students pledge for no smoking and made posters and slogans to be showcased on corridors.

Pledge which is I  $\underline{xyz}$  promise to not smoke or use any tobacco products now and forever. In addition, I will always try to stay away from secondhand smoke, which is a danger to my health. I will do my best to encourage people who do smoke or use tobacco products, and will do my best to support them as they try to quit.

Although nicotine is addictive, most of the severe health effects of tobacco use comes from other chemicals. Tobacco smoking can lead to lung cancer, chronic bronchitis, and emphysema. It increases the risk of heart disease, which can lead to stroke or heart attack. Smoking has also been linked to other cancers, leukemia, cataracts, Type 2 Diabetes, and pneumonia. All of these risks apply to use of any smoked product, including hookah tobacco. Smokeless tobacco increases the risk of cancer, especially mouth cancers. We would like to thank our students and staff for supporting.

For this pledge we had to take permission from principal mam and each class teacher for conducting pledge in their class.

### **Report on Mission Blue Seminar.**

Date : 8<sup>th</sup> July 2019. Place : Fr.C.R.C.E

Image : presentation by united way.

United way mumbai is a renowned organization which started mission blue project in which awareness about ocean and marine life was given and how we can contribute for well beingMost life forms evolved initially in marine habitats. By volume, oceans provide about 90 percent of the living space on the planet. The earliest vertebrates appeared in the form of fish, which live exclusively in water. Some of these evolved into amphibians which spend portions of their lives in water and portions on land. Other fish evolved into land mammals and subsequently returned to the ocean as seals, dolphins or whales. Plant forms such as kelp and algae grow in the water and are the basis for some underwater ecosystems. Plankton forms the general foundation of the ocean food chain, particularly the phytoplankton which are key primary producers.

In this seminar to call and arrange was atask for us where we had to fix a date and proper timing for conducting this seminar We would like to that united way for conducting this seminar and all our nss volunteers.

# NSS SPECIAL CAMP TANDULWADI

### **INTRODUCTION**

Every year a special NSS camp of 7 days takes place where all the volunteer of NSS CRCE actively take part in understanding the village problems solving them and spreading awareness and educating people. This year the camp took place at beautiful and enchanting village called tandulwadi which is located few kilometre away from saphale city which lies in palghar district, Maharashtra. The village is surrounded by mountains and farms with greenery everywhere being there is like a gift for the eyes. The village is full of friendly and helpful people who helped us through out the camp. There were lot of pre- camp activities to be done for all the activities we were going to do at the camp and our main project which was painting the school walls; hence, all the members were divided into groups and given tasks accordingly.

### Day 1: Sarpanch visit

The first day of NSS special camp started on 15<sup>th</sup> December 2019 where everyone was told to report at saphale station by 9.00 A.M and then further we started our journey to tandulwadi village and reached there by 10.30 A.M. The sarpanch of the village welcomed us, after everyone settled we interacted with sarpanch and he told us about various problem faced by the village. Then at the end everyone gathered and discussed for a solution for the problems faced by villagers, we also discussed and planned for the next day activity which was sports day and made groups of people and divided all the responsibilities for the sports day activity among the groups.

## Day 2: Sporst Day

#### 16<sup>th</sup> December 2019

On the second day all the volunteers headed towards the school with enthusiasm and excitement for the sports day activity. We first met the principle of the school and discussed how we were going to conduct the activities. Then everyone interacted with the children of the school and they were full of energy and were eagerly waiting for us to start the activity. There were various activities conducted simultaneously and we saw to it that everyone would get a chance to participate in all activities. We conducted activities such as hopping, running, sakli, football, ect. For the nursery kids we kept a drawing competition in which all the material was provided by us. Then at the end we distributed prizes to all the winners. At the end of the day all volunteers gathered and discussed about school wall painting which is our main project starting tomorrow.

## Day 3: School Wall Painting

#### 17th December 2019

The third day was a important day as we were starting our main project which is the school wall painting. First sanding of the walls was done where all the volunteers were given sand papers and sanding of the walls to be painted was done. Then after sanding we had to apply base paint on the walls and fill holes on the walls with cement; hence, all the walls to be painted and the holes to be cemented were divided among all the volunteers and everyone showed a great team spirit leading to completion of the painting and cementing. Now we had to wait for the next day for the paint to dry so that we could draw cartoons and paint them making the walls fun and something the children would love.

Some volunteers helped the children set up the computer and taught them all the basics of operating the computer, they also taught them paint and all the parts of the computer, while the other volunteers were drawing cartoons on the wall and painting them. Our project of school wall painting was completed by the end of the day.

## Day 5: Survey

19th December 2019

On the fifth day all the volunteers according to their group went to the village and took a survey of the village. We took surveys to know about their work, income, education, living, total family members in the house and what do they do,etc. We also asked them how the government is helping them and what problems they are facing and if they are getting any help with their problems. The motive of the survey was to know and understand their problems so that next year when we go we can do some development and help them with it.

## Day 6: Trekking

#### 20<sup>th</sup> December 2019

On the sixth day of NSS Camp we were all set to go for trekking to explore the nature. We went for trekking on Tandulwadi fort which is a famous trekking spot, where many people come from different places to explore the beauty that lies in Tandulwadi. We started our trekking in the morning by 6:00 A.M and came back in the afternoon by 3:00 P.M. Everyone was super excited as trekking was everyone's favourite adventure sport. The fort was build 800 years ago and it was primarily used as a watch tower over surroundings plain. The village Tandulwadi was beautiful but we came to know about its real beauty when we saw it from the fort its was marvellous.

After the awareness seminar was over with the help of school students we planted some sampling so that they should have value of plants and learn to protect our ecosystem. The students took active part in planting the sampling and promised to take good care of them until they are all well grown.

- Lessons taken: A lesson is a cohesive unit of content within a course including several items

**Usage Overview section** below the summary tab provides admins with "learner funnel" data in order to pinpoint how to optimize the performance of the program. This is a visual overview to identify where the "leaky bucket" is in the learner funnel whether that be **invitations sent, learners who have joined, or learners who have enrolled** 

Below each stage, there are quick action buttons that allow the admin take the corrective measures needed for each stage (i.e. resend invites or remind those joined to enroll in courses)

\*The summary data (1st dashboard) will update daily while the usage overview data (2nd dashboard) will update every two hours. The licenses consumption metrics updates every 24 hours. Page 290 Below the Summary and Overview sections is your **Learning Programs** section. You can invite your learners to these programs.

Click on the title of the program you want to administer. This will redirect you to the program admin main page.

#### What are Programs?

The programs act as a bucket to segregate your learners belonging to different categories and usually have varying learning needs. Coursera team works with your team to decide this program structure based on your organization's needs

Under the Basic Plan, each instance will have 1 learning program by default. The option to create or request additional learning programs is unavailable under this plan.

The program card will show the numbers below:

- Learners Invited. Clicking on Invite learners will allow you to invite learners in bulk.
- **Learners Joined**. Clicking on **View learners** will navigate you to the program's **Manage Learners** sub-tab which will automatically surface a list of learners who have joined the program.
- Enrolled Learners. Clicking on View enrolled learners will navigate you to the program's Manage Learners sub-tab which will automatically surface a list of learners who have enrolled in courses.

## 6. PERSONAL COUNSELLING

## Personal Counseling

To achieve a positive mental health, institute has full time Professional Psychological Counselor. The main aim is to resolve problems, improve effectiveness, judgmental skills and bring transformation in an individual student. The main objective of personal counseling is to understand the root cause of the problem and help students to face it with confidence. It also helps the students to overcome the fragile and delicate situation that the student may be undergoing. Dr. Joseph Rodrigues, personal counselor of FRCRCE, conducted session named "Path towards right direction" in the beginning of the academic year for the first year students (new comers). The motive of this session is to guide the students with general awareness and alerting them about the ups and downs of engineering studies. Further it has created alertness to keep away from bad company, alcohol and drugs and identify the responsibilities and opportunities in engineering education. Higher semester students get in touch with the counselor with the help of contact number available on the institute website. They are guided for higher studies abroad. Institute provides Personal one to one counseling session; in any aspects; as and when required, 24/7 available for counseling through email, phone call or whatsapp. The parents and students are relaxed and happy to get proper guidance and counseling at the institute as parents put hand to hand with the counselor and workout for the betterment of the student.

### 5.Student counseling:

To achieve a positive mental health, institute has full time Professional Psychological Counselor. The main aim is to resolve problems, improve effectiveness, judgmental skills and bring transformation in an individual student. Dr. Joseph Rodrigues, personal counselor of FRCRCE, conducted session named "Path towards right direction" in the beginning of the academic year for the first year students (new comers). The motive of this session is to guide the students with general awareness and alerting them about the ups and downs of engineering studies. Further it has created alertness to keep away from bad company, alcohol and drugs and identify the responsibilities and opportunities in engineering education. Higher semester students get in touch with the counselor with the help of contact number available on the institute website. They are guided for higher studies abroad. Institute provides Personal one to one counseling session; in any aspects; as and when required, 24/7 available for counseling through email, phone call or whatsapp. The parents and students are relaxed and happy to get proper guidance and counseling at the institute as parents put hand to hand with the counselor and workout for the betterment of the student.
